

D. INDEX TO ENTRIES THAT MAY AFFECT GOVERNMENT LEVELS

Executive Order 12866 entitled “Regulatory Planning and Review” (October 4, 1993; 58 FR 51735) and the Unfunded Mandates Reform Act of 1995 (P.L. 104-4) direct agencies to assess the effects of Federal regulations on State, local, and tribal governments. In addition, Executive Order 12875 entitled “Enhancing the Intergovernmental Partnership” (October 26, 1993; 58 FR 58093) directs agencies to reduce the imposition of unfunded mandates upon State, local, and tribal governments. In keeping with these efforts, agencies include in their submissions for The Regulatory Plan and the Unified Agenda information on whether their regulatory actions have an effect on various levels of government.

The following index lists the regulatory actions in this publication that agencies believe may have effects on State, local, tribal, or Federal levels of government. The Sequence Number (Seq. No.) of the entry identifies the location of the entry in this edition. For further information, see the Regulatory Information Service Center’s Introduction to The Regulatory Plan and the Unified Agenda in part II of this issue.
